

We are customer service focused which is continually promoted throughout the application of our Quality Management System. Our staff supports a network of stakeholders in meeting our contractual commitments. Our resources provide on-time call-out facilities to access the necessary support to clients when needed.

Boulus Constructions has considerable experience in the delivery of contracts and customer service throughout the New England Region, Northern NSW and the Far North Coast. Which has included new construction of Governmental assets. Our office in Armidale is equipped with the technology and personnel to manage constructions works to properties within the NSW regions.

Please call us for all your construction needs. A friendly staff would assist you with your requirements.
